ESTIMATE EXPENSES

Estimate of expected audience including student and special guest. =1000

- ✓ Tag and printings = 20k
- ✓ Canopies and chairs = 20k
- ✓ Public address system = 30k
- ✓ Decoration = 5k
- ✓ Refreshment = 268k
- ✓ Contingencies = 30k
- ❖ Ground total = 363k

SOURCES

- Student
- Patrons
- School

For student we have 190 pupils and student, if 130 complied as requested from the school 1500 per student, we may raise an amount of $150 \times 130 = 195k$

From the patrons one person contribute with the sum of 50k.

$$368k - 245 = 123k$$

Now we are looking for the remaining 123k from school and other patrons.
